

Vaccinations Now Covered via your Intel Medco Prescription benefit.

Medco administers the prescription benefit for all Intel Cigna and Anthem Blue Cross Plans.

Effective August 1, 2011, the vaccines listed below are available at a \$0 copayment or coinsurance when administered at a participating retail pharmacy. You'll pay \$0 even if you haven't met your plan's deductible. For you to take advantage of this feature of your Intel prescription drug plan, the participating pharmacy must submit a claim to Medco.

The vaccines are categorized based on the medical conditions that they are used to prevent or treat.
