

2019 Intel Oregon Retiree Dinner The 14th Retiree Dinner!

This year our dinner was held on November 12. We had 75 people sign up and only 5 people did not show. The dinner was held back at the Pumpkin Ridge Golf Club. The room was very noisy with many people renewing friendships and meeting new people. The volume was loud with a lot of laughter and greetings.

This year again Susan McElfish supported the dinner by collecting the money and maintaining the registration list. Joan Elder has also joined the social team and helped with checking people in.

The consensus was that the buffet was excellent with the Chicken and Salmon being nice and juicy.

This year our original speaker Rick J. Echevarria, had to go on a business trip and could not attend the dinner.

We were very fortunate to have Lorie Wigle, VP Software and Services Group and GM Platform Security Product Management, agree to attend the dinner and be the speaker.

As usual we had raffle items that most people enjoyed the selection. However, one person did mention that all the items were food related and that she was trying to avoid excess treats. I appreciate her input and will be sure to have at least one item next year that is not food or wine focused. Thank You for the input.

Enjoy the following pictures and see how many people you recognize.
