

Intel Bay Area Annual Retirement Dinner  
November 13, 2019

Michael's at Shoreline was our setting for the 11th Annual Bay Area IRO dinner. We had a great group of retirees and guests and a lot of new faces. Following our social hour we enjoyed another delicious buffet dinner that included Sirloin Tips and Chicken Marsala.

Returning as our guest speaker was Jackie Sturm who is the Corporate VP and General Manager of Intel's Global Supply Management Group. Jackie is a favorite of our audience. She provided a wealth of interesting and timely topics.

Following the presentation we held a raffle for prizes that included 2 gift baskets, bottles of wine and an Amazon Echo.

Thanks to Intel for subsidizing our dinner and to our volunteers and guest speaker who made it a success.
