

We are providing the final status update on the impact of the 2021 Western Wildfires Disaster Relief which closed on 09/03/21 at 05:00 PM PST. Your support has been crucial to our influential campaign.

The Foundation also increased the match cap by \$5,000 upon noticing that donations were still coming in and we would have met our 100K match cap before the campaign closed.

<b>IMPACT</b>		
<p>“As someone who lives in Grizzly Flats I say thank you from the bottom of my heart. If you have been watching the news you know that Grizzly Flats has been hit extremely hard. We are a strong community and, as soon as it gets opened up again, we will be going back to rebuild. I am extremely fortunate that my house is still standing. I have countless friends that are not so lucky. People that have lost everything. We have a lot of work ahead of us and its great to know that the people of Intel are backing us up. Thank you!!!”</p>		

We are extremely grateful for your involvement and appreciate your continued support in our future campaigns as well. Your efforts truly demonstrate the embodiment of the OneIntel framework.
