NEW RETIREES: CHECK YOUR BENEVITY LOCATION INFORMATION

Several new retirees have discovered that their Intel site location is retained when Benevity transfers their profile information in setting up their outside-the-firewall Benevity account. This can be confusing to non-profits you elect to share your location with.

This can be checked by selecting the link found in the pull-down menu under your name in the upper right-hand corner **ON THE BENEVITY SITE**. The Settings page lists nine items, including Contact Information. While there you may want to visit some of the other items to see if they are still current.

DISASTER AND RELIEF CAMPAIGN RESULTS

A total of seven Intel Foundation campaigns have recently completed. Final results of the total funds raised can be found by following the links provided in the table found on the [IRO website here](#). Campaign results are generally not announced or emailed but can always be found by clicking the link to this table which is found on the Matching Programs page located under the Benefits pull down tab on the IRO website.
