**PAT GELSINGER CAME BACK TO TURN INTEL AROUND: HERE'S HOW IT'S GOING**

The Intel Pat took over was struggling and losing ground in a variety of markets. But in the past year and a half, Pat restructured the company, turned over almost all of its leadership positions, opened a new line of business that competes with Taiwan Semiconductor Manufacturing Company (TSMC) and makes chips for other companies including Intel's competitors, and generally tried to reset Intel's famous engineering

culture. [Click to learn more about how it's going](#)

**OREGON NEEDS A SITE SOCIAL COORDINATOR**

Interested in getting Intel Oregon retirees together? We need a few retirees to volunteer to arrange lunches, happy hours, or fun activities for Oregon retirees. There is documentation on how to organize events and a team to brainstorm with if needed. If interested, please contact

**HAPPY 50th BIRTHDAY INTEL MALAYSIA!**

“Happy 50<sup>th</sup> [#IntelMalaysia!](#) 50 years ago, who would have thought that one Intel Malaysia building would expand to 16. Or that our team of 100 employees would flourish into a 15,000-strong, diverse workforce. The work that you do, the achievements of your teams, that Fire2Win spirit in your hearts – all of that, is Intel Malaysia. Thank you to our CEO Pat Gelsinger, Keyvan Esfarjani, Steve Long and Boyd Phelps for celebrating with us!”  
**Robin Martin**, Corporate Vice President, General Manager of Assembly Test Manufacturing
