MARCH 2023 MESSAGE FROM IRO AND IAN LEADERSHIP: RETIREEES INETERESTED IN FINDING A NEW CAREER

With tough financial times at Intel and rounds of layoffs at all sites within the company, IRO is experiencing an influx of new members. Those that qualify for “official” retirement from Intel are entitled to numerous benefits from the company and IRO is built with the intent to educate you about accessing all those earned benefits and keeping a social network of support for all of us that share years together in the Intel environment.

One of the critical elements of finding new employment is building and tapping into a strong network of professional contacts. As an organization, IRO has developed a strong relationship with a sister organization of former Intel folks – the Intel Alumni Network (IAN). [Learn more about the partnership and benefits](#)

In an internal Wednesday memo seen by CRN, [Intel CEO Pat Gelsinger told employees](#) that the company will restore the base salary back to 100 percent for impacted staff in October. NEWS FROM U.S. DEPT. OF LABOR ABOUT STRENGTHENING RETIREMENT
The Secure Act 2.0 is now law. In 2023 the age to start taking Required Minimum Distributions (RMDs) increases to age 73 vs 72. The law builds on earlier legislation which mandates when retirees must take RMDs based on age. [View key takeaways and a slate of changes](#)

FORM 1095-A AND C WHAT IS IT? WHAT DO I DO?
[Understand what the forms are about and how to receive them.](#) If you had COBRA, SERMA or IRMP in 2022, you should receive a Form **1095-C** from Intel by mid-March 2023. If anyone in your household had a Marketplace plan in 2022, you should get **Form 1095-A**.

DONATION MATCHING PROGRAM RESTRUCTURE TO INCREASE LOCAL IMPACT

Beginning this year, the Intel Foundation has restructured the U.S. Intel Foundation [Donation Matching program](#) to drive deeper impact in our sites' local communities. The overall match cap remains at \$10,000, but donations will now be separated into two categories: "My Personal Choice" and "Community Impact." A FAQ and more details are [available on the Benevity site](#)

choice

- **My Personal Choice – up to \$2,000 match:** The program will match up to \$2,000 for donations to eligible causes of your choice
- **Community Impact – up to \$8,000 match:** The program will match up to \$8,000 for donations to key causes selected by Intel and the Intel Foundation, across five focus areas (STEAM

TURKEY AND SYRIA DISASTER RELIEF CAMPAIGN EXCEEDS TARGET TWICE

This campaign was launched on 2/7 and reached the initial \$200,000 matching cap within 24 hours. This cap was raised twice, and the campaign closed early resulting in over \$600,000 being raised. You can still donate to the Intel selected campaign causes, but matches will come from your normal match budgets. [Causes with donation links](#) are on the Benevity site
